The Primacy printer is extremely fast, powerful and efficient. Using advanced encoding technologies, this desktop printer is the best solution for issuing personalized cards, from the most simple to the most secure.

Primacy is available in single and dual-sided versions and is the ideal choice for printing and encoding cards in medium and large runs.

THE FAST AND VERSATILE CARD PRINTER

Primacy is ideal for instant issuance of:
- Employee badges
- Access control badges
- Transit passes
- Payment cards
- Healthcare cards
- Student cards
- Multi application cards
- Event passes

ENHANCED PRODUCTIVITY
Primacy is perfect for printing large runs because it personalizes color cards in record time: up to 225 cards per hour for single-sided printing and 140 cards per hour for dual-sided. You save time and increase productivity.

PROFESSIONAL PRINTING
Primacy printers feature 300 dpi photographic resolution and edge to edge printing for optimum print quality. Your cards convey a professional image of your organization.

EASE OF USE
The card feeder and output tray are directly accessible on the front of the printer, so you can check the cards as they come out. With the Evolis Premium Suite® software you can receive notifications and easily control the printer from your computer.

Evolis High Trust® ribbons are easy to install and automatically recognized by the printer.

SCALABILITY
You can upgrade your printer according to your needs by adding magnetic stripe, contact or contactless chip encoders. The printer can be factory configured for dual sided printing, or the function can be activated on site.

HIGH CAPACITY
The large capacity card feeder and output tray hold 100 cards - so you don’t have to refill the printer as often. Primacy offers high capacity in a compact footprint.

LASTING INVESTMENT
Primacy benefits from Evolis’ experience and proven quality control to ensure optimum performance and perfect results. We back up our strong commitment to quality with our 3-year standard warranty.

ECO-DESIGN
As part of our eco-design system aimed at reducing the environmental footprint of our products, Evolis:
- uses recycled materials in the manufacture of our printers and consumables whenever possible,
- designs compact and lightweight printers to reduce CO₂ emissions from transportation and packaging,
- reduces the power consumption of its printers through a very economical hibernation mode.
The Evolis Primacy printer is a high-quality card printer with multiple features and options. It can be configured for various applications, including card printing, encoding, and secure card production.
